

**MINISTRY OF EDUCATION AND TRAINING  
CAN THO UNIVERSITY**

**SUMMARY REPORT RESEARCH PROJECT**

- Project code: THS2026-67
- Project title: Development of a Multi-Tenant Task Management Application
- Duration: 6 months, May–October 2026
- Budget: VND 15,000,000
- Coordinator: Ngô Hưng Thịnh (0939172285)
- Members: Nguyễn Thanh Trọng, Trang Minh Chánh, Huỳnh Hồng Ân, Cao Tường Hưng
- Supervisor: TS. Ngô Bá Hùng ([Email người hướng dẫn])
- Necessity: Student and research groups need a shared task-management service that protects each workspace's data and access rights.
- Objectives: Design a multi-tenant architecture and implement a Kanban task-management application; test tenant identification, data isolation, and core workflows.
- Methodology: Analyze requirements and architecture literature, design the solution, implement the application, and test it under the research protocol.
